Learn complete details about the Fun Fair service and profit to be earned by reading pages 2 - 4 below.

Have a **FUN FAIR** at your event and let **FUND RESOURCES** make it the *most successful event ever!*

Here's how our Fun Fair program works:

BOOTHS AND GAMES LOANED TO YOUR GROUP AT NO CHARGE!

Fund Resources provides a midway of games, booths and prizes as a package, ready-to-go for your organization to operate. The games and booths are provided at no charge and the merchandise is provided on consignment. Our "hinge" booths feature red-and-white candy-striped canvas front and valances. Our "canopy" booths include tops.

DELIVERY AND SET-UP:

Fund Resources will deliver the "Fun Fair" to your event and pick up at the end, as well as direct your people in setting up the booths and games. The only set charge is a delivery fee (\$85.00 and up) depending on how far your location is from downtown. All you have to do is arrange for sufficient workers and a crew to help set-up and take-down the booths under Fund Resources supervision.

BIG PROFITS:

The games are programed to provide your organization with a profit of 50% or more, with most groups making **between 55% and 65%** or better, as long as your workers follow the game rules provided by Fund Resources and the correct prizes or tokens are given out..

PRIZES ON CONSIGNMENT - PAY ONLY FOR THE PRIZES YOU USE!

Fund Resources takes back all unused merchandise at the end of the event except opened bags of Fish Pond prizes and Consolation prizes.

PRIZES IN EACH GAME or ONE CENTRAL REDEMPTION BOOTH:

We can pack the prizes so that you give out the prizes at each game booth, including first, second, third and consolation prizes, depending on redemption Booth service where all prizes are maintained in one central location. Most of the following are the reasons:

1. With a **redemption booth**, players are rewarded with tokens that they can save up to redeem for larger prizes. Kids are happier and their parents are very pleased because the kids go home with nicer items.
2. The organization can keep good control over the prizes when they are kept in one location.
3. When prizes are awarded in individual booths, the prizes given out in that booth must reflect the cost to play that one game. When the kids can save up their tokens, they can choose larger prizes, therefore, the display in the redemption booth is very attractive. And even though many kids leave with larger prizes, the organization still makes it proper profit.

When a child plays a game in the Fun Fair, he or she will get a prize (or token) every time, including a first, second, third and consolation prize/token. Parents and educators love the fact that the child gets something (even a small prize or a low value token) every time for playing the game.

GAMES:

The "Fun Fair" features skill-type games designed to challenge the children, give them a fun time and exciting, quality prizes. And, you still make an excellent profit for your treasury.

A midway of "Fun Fair" games is an excellent nucleus around which to build the rest of your event but it is not intended to replace everything you do at your carnival. Most organizations still have many other activities at the event. However, it is getting harder to recruit workers to build booths, design games and purchase prizes. The "Fun Fair" eliminates all that hard work and preparation because Fund Resources does it for you, leaving the available workers time to pursue the more profitable aspects of the event: raffles, auctions, cake walks, donations, etc.

SEE PICTURES OF FUN FAIR GAMES below on Pages 3 and 4.

HOW WE HELP MAKE YOUR FUN FAIR RUN SMOOTHLY:

Each game comes with a **Game Summary Sheet**, which explains how the game is set-up, how it is played, and which prizes or token values to give out.

We tape those summaries down to the table in the booth along with a simple **Booth Worker Instructions** Sheet, which reminds your volunteers to follow the rules so your organization makes their profit, etc.

We provide an 11' by 17' **Game Sign** to tape up in front of the booth.

If you are giving out prizes in the game, a separate **box of prizes** is packed for each game. What is packed in each box is listed on the Game Summary.

If you are using the redemption booth, we pre-pack a **Token Tray** for each game with the appropriate value tokens needed to play that game. Redemption prizes are packed in boxes labeled from A-K with a set of master inventory sheets.

Our event manager will show your Redemption Booth team how to open the boxes and set up an **orderly display** so that you can award the prizes.

WHAT DO YOU NEED TO PROVIDE?

- 4-6 workers to help set up the booths about two hours before the event starts (takes about 30 minutes.)
- 4-6 workers to help take-down the booths at the end of the event and load back in our trailer (about 20 minutes.)
- Tables for the games if needed - most games need a 6' table. We can provide these at \$8.00 rent each but most schools and churches have tables so why pay the rent, just use your own tables.
- Workers to run the games - we suggest 2 adults per shift.
- Workers to set up the Redemption Booth display and work in the redemption booth during the event.

WHAT ARE YOUR COSTS?

- **You pay for the prizes used.** You take an ending inventory of the leftover prizes. The difference between what you started with and what you end with is what you pay for. We invoice you after the event and you have seven (7) days to pay the bill. (Or, save \$10.00 discount by paying the day of the event - we can stay and prepare your bill right then.)
- **Delivery fee - \$85.00 inside Beltway (Sam Houston Tollway), \$95.00 further out.**
(Additional mileage charge will be added if event location is more than 35 miles from downtown Houston.)
NOTE: delivery fee is REDUCED TO \$50.00 if you also take at least 2 inflatables from Fund Resources at your event.
- **Redemption Token Rental Fee** - we charge \$4.95/game using tokens to cover for loss and preparing the token tray.
- **Initial Payment:** \$200.00 is paid at the time you sign your agreement scheduling the Fun Fair. This initial payment is applied COMPLETELY against the final invoice for the Fun Fair.
